Dear Mr. Wolfson:

On August 18<sup>th</sup>, 2021 a nation was born. **The United Territories of The Sovereign Nation of The People's Republic of Slowjamastan** is an 11.05-acre nation, located just south of San Diego, accessed by CA State Highway 78, situated between the American towns of Ocotillo Wells and Westmoreland.

To grow and thrive as a nation, we depend on the cooperation of allies like Local Media San Diego and request your assistance and cooperation. We are hereby humbly requesting to utilize a small portion of your offices on Cornerstone Court to serve as one of our official consulates to The United States.

What do you need to do? Just respond "Yes," giving us permission to carry out consular activities inside your premises and list your address as our official contact as consulate. Expect no more than three to four pieces of nomenclature to be installed in and around your building, all at our cost, or course.

Mr. Wolfson, your consideration and expeditious approval of this request will forever live in the hearts of all Slowjamastanians. This will also serve as a gesture of goodwill for future alliances – perhaps you can use *our* land to hold future concerts and events. We were informed about the unfortunate turn of events at Belmont Park. Your cooperation and alliance with The Republic of Slowjamastan will secure your use of our land for mutually agreed upon events and activities.

We look forward to your reply. I can be reached at [sultan@slowjamastan.org](mailto:sultan@slowjamastan.org). You can learn more about our nation at [slowjamastan.org](http://slowjamastan.org).

With warm regards,

Randy Williams  
Sultan
